November 7 - 9, 2019
Baltimore, MD

Acknowledgement of Financial Commercial Support

Abbot, Adaptive Biotechnologies, Agena Bioscience, AstraZeneca, Asuragen, Bayer, Bristol-Myers Squibb, Hologic, Illumina, Invitae, Loxo Oncology, Merck, Myriad, nanoString Technology, Novartis, Qiagen, Roche, Thermo Fisher Scientific

Acknowledgement of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. If you need MOC credit, you also need to pass a posttest with a score of at least 75%. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Physicians

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Association for Molecular Pathology. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement – Amedco LLC designates this live activity for a maximum of 18.50 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CMLE

This activity has been planned and implemented in accordance with the Amedco and joint provider-ship of the American Society for Clinical Pathology (ASCP) and the Association for Molecular Pathology (AMP). ASCP CMLE credit hours are acceptable for the ASCP Board of Certification Maintenance Program (CMP)

American Board of Pathology Self-Assessment Credit

This course is valid for up to 12.75 of SA-CME Self-Assessment credits (SAMs). Learners should self-submit these credits to their boards.

Objectives - After Attending This Program You Should Be Able To:

1. Discuss the research underway and/or current diagnostic approaches to molecular hematopathology, the molecular testing of tumors in anatomic pathology, molecular techniques that aid in resolving diagnostic dilemmas in infectious diseases, and molecular genetic testing of inherited diseases.
2. Demonstrate an increased level of knowledge of the methods and techniques being used by researchers and practitioners.
3. Utilize information and data that lead to improvements in human health and patient care.

Disclosure of Conflict of Interest

The following table of disclosure information is provided to learners and contains the relevant financial relationships that each individual in a position to control the content disclosed to Amedco. All of these relationships were treated as a conflict of interest, and have been resolved. (C7 SCS 6.1---6.2, 6.5)

All individuals in a position to control the content of CE are listed in the program book. If their name is not listed below, they disclosed that they had no financial relationships with a commercial interest.
